# CLINICAL LAB EXHIBITORS

## Luminate Health, Inc.

Booth: 2471

[luminatehealth.com](http://luminatehealth.com)

Millions of patients use Luminate Health to access, manage, and understand their lab results. We work with commercial and hospital labs across the country to engage their patients and grow their businesses. Much more than a patient portal, we are the leader in patient-centered lab services. We bring together everything you need to create a single integrated solution, from patient engagement to provider engagement, population health and disease management, direct-to-consumer testing, and more.

## LumiQuick Diagnostics, Inc.

Booth: 3075

[lumiquick.com](http://lumiquick.com)

LumiQuick Diagnostics a Silicon Valley based medical device company, develops, and manufactures extensive product lines cover Point-of-Care Lateral Flow Assays, ELISA kits, and other platforms. Here are the highlights of some of our products: QuickProfile™ Quantitative Vitamin D Rapid Test, QuickProfile™ Zika IgG/IgM Antibody Rapid Test, QuickProfile™ Chikungunya IgG/IgM Antibody Rapid Test, Quicknostics® Vitamin D ELISA.

## Lumos Diagnostics

Booth: 2171

[lumosdiagnostics.com](http://lumosdiagnostics.com)

Lumos Diagnostics specializes in rapid, cost-effective, and complete point-of-care (POC) diagnostic test solutions to help accurately diagnose and manage medical conditions. Lumos offers fully customized assay development and manufacturing services for POC tests and proprietary digital reader platforms and cloud technologies. Lumos also directly develops, manufactures, and commercializes novel, Lumos branded POC tests that target infectious and inflammatory diseases with unmet diagnostic needs.

## LVL technologies GmbH & Co. KG

Booth: 3388

[lv-technologies.com/en/home](http://lv-technologies.com/en/home)

LVL technologies GmbH & Co. KG has been offering consumables for laboratory automation and automated liquid handling since 1986. The focus of our product range is our 2D Long Term Sample Storage Tube Rack System SAFE® in 96, 48, 24 SBS-format the standardized SBS format. The associated infrastructure, such as readers and cappers, are also part of our product range.

## M.A. Industries, Inc.

Booth: 1267

[maind.com](http://maind.com)

Since its inception in 1969, M.A. Industries has been a family owned business devoted to Delivering the highest level of Service, Quality, and Value to Our Customers. As a market leader in porous plastic manufacturing, our experienced engineers and state of the art manufacturing technologies allow us to capitalize on our capability to continue to deliver the most innovative advanced porous products. Our Medical and BioScience capabilities are focused on Liquid Handling, Canisters, and Filters.

## Maccura Biotechnology

Booth: 3425

[maccura.com/en](http://maccura.com/en)

**maccura**

Maccura was founded in 1994, with hundreds of high-quality products, including immunoassay, hematology, coagulation & biochemistry, and other professional services, also with extensive experience in marketing and channel management capabilities

## MagQu Co., Ltd.

Booth: 3594

[magqu.com](http://magqu.com)

We invented an ultra-sensitive immunoassay technology, so-called ImmunoMagnetic Reduction (IMR), which is currently applied to assay ultra-low concentrations of plasma biomarkers associated with Alzheimer's disease, Parkinson's disease, frontotemporal disease, and other neurodegenerative diseases. All the products have been registered with CE IVD. IMR products are mainly distributed in Taiwan, South Korea, and Middle East. We wish to find distributors and labs for business collaborations globally.

## Magtivio BV

Booth: 1092

[magtivio.com](http://magtivio.com)

magtivio BV is an independent Dutch producer of magnetic micro- and nano particles and complete kits for R&D life science and (bio-) analytical laboratory processes. We specialize in biological sample preparation solutions for genomics, proteomics, and immunology applications for direct laboratory research, testing and diagnostic customers, as well as on OEM and private label IVD manufacturers. We have a strong focus on automation of these sample preparation processes.
